BRAVOIL DEX VI

PRODUCT DESCRIPTION:
BRAVOIL DEX VI is a next generation, synthetic transmission fluid approved for use in passenger car and light truck automatic transmissions that require a GM Dexron VI or earlier generation fluid. It is particularly recommended for use in new GM 6 Speed automatic transmissions and is fully backward compatible for use in older automatic transmissions.

APPLICATION:
All automatic transmissions that require a Dex VI or earlier generation transmission fluid. Hydraulic systems or industrial and mobile equipment operating over a wide temperature range.

FEATURES & BENEFITS:
• Meets stricter performance requirements for new GM 6 Speed automatic transmissions.
• Outstanding friction durability for consistent shift performance for the life of the fluid.
• Excellent oxidation resistance and thermal stability for long fluid life.
• Protects against sludge and varnish formation.
• Protects against wear.
• Protects against rust and corrosion
• High shear stability
• Excellent low temperature properties.
• Good seal compatibility
• Foam resistance

PERFORMANCE LEVELS: Meets and Exceeds:
• GM Dexron VI
• Ford Mercon
• MB236.6
• MAN 339 Z-1,V-1
• BMW Group 24
• Allison C-4
• Caterpillar TO-2
• Denison Hydraulics HF-0

HEALTH & SAFETY, ENVIRONMENT:
Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further Information on Safety Guidelines please refer to MSDS available on our website www.bravoil.com
